

## Department for Education Call for evidence – Funding for SEND and those who need alternative provision

The government are asking for responses with regard to how the support for children with SEND in schools is organised and funded. This is an important area of consideration locally, as well as nationally. Therefore, we would encourage you to consider the Call for Evidence request and make a submission.

The submission needs to be made online and the consultation page can be found at: <https://consult.education.gov.uk/funding-policy-unit/funding-for-send-and-those-who-need-ap-call-for-ev/>

Some of the questions are quite technical and a link to guidance notes can be found below. There is not an expectation that you respond to every question, only those that are relevant.
