

Dysphagia Champion Training

Empower your team to provide quality care to residents with dysphagia

The Community Speech and Language Therapy team are offering dysphagia training to identified Dysphagia Champions in residential and care homes. The aim of this training is to increase the confidence, knowledge and skill of people working with individuals who have swallowing difficulties (dysphagia).

The training will include all the resources you will need to be a successful Dysphagia Champion and you will be certified once the training has been completed.

Cost £75.00 per person

Improving Dysphagia Care
- one swallow at a time!
